Word came from the Newton, Mass., Hospital on Saturday, March 31, that Mrs. Lulu Grace Adams Norton who was taken there from her home on Highland Avenue just a week before, had passed away early in the morning. The Editor

Hester Ann Wood

In the recent death of Mrs. Hester Ann Wood at the grand old age of 97, Northfield lost another link in the chain which bound its present generation to the Northfield of the old days. Mrs. Wood had lived here for over eighty years, coming with her sister as the first passengers from St. Johnsbury on the C. V. Railroad. She had served her Community faithfully and well both in her capacity as a Public Servant while she was Postmistress and as a good neighbor who was ever on the alert for an opportunity to smooth the path for all who might need her cheery word along life's path.

Her reward for all this and she could ask no finer one was that the Community always referred to her as "Grandma Wood."

Mrs. Wood was born in Calais, Vt., March 19, 1837 and came to Northfield Farms as a girl of sixteen. In 1859 she was married to Oscar Wood of Northfield who died a few years ago. In late years she had made her home with her son Frank V. Wood at Northfield Farms. She was unusually active right up to the time of her passing and delighted in making quilts which she distributed among her friends. Mrs. Wood was the oldest member of Sylvan Lodge of Rebekahs at Greenfield and the officers of the lodge conducted the funeral rites at her home.

The survivors are her sister Mrs. Katherine Putnam of Orange, who is 95 years old, one son Frank V. Wood of Northfield Farms and five grandchildren Oscar Turner, Mrs. Frank Cooke, Mrs. Edgar White of Orange, Corliss Turner of Jacques, Ont., Canada and Lewis Wood of this town. Other relatives at the funeral were Mrs. A. Percy Putnam, Jr. and Mrs. A. Percy Putnam, Jr., Miss Catherine Putnam, Miss Barbara Cooke, Edgar and Clarence White of Orange, Clarence Turner, Mr. and Mrs. C. K. Turner and Mr. and Mrs. Chauncey Turner of Erving, Mr. and Mrs. Robert Mitchell of Springfield, Mr. and Mrs. Alfred Newcombe of Fitchburg, and Oscar Benson of Brattleboro. The Rev. Mary Andrews Conner officiated at the funeral service.

In order to help the Sea Scouts select a name for their new ship, The Herald will give a Brand New Dollar Bill to the Boy or Girl under sixteen who submits the best name.

Write your entry on a piece of paper or a postcard and bring or mail to The Herald office. Be sure your name is on the entry. Address, Northfield Herald, Sea Scout Contest. GET BUSY right now.

The following verses written for the recent Golden Wedding Anniversary of Mr. and Mrs. Steven Edgar Whittemore are from the pen of Mrs. Mary L. Houghton who is 94 years young. We say young because we know she must be young. Her clear bold handwriting puts to shame the writing of many a younger person whose hieroglyphics the Editor is frequently called upon to decipher.

We wish every child in our schools could see this sample.

Ring the bells, the wedding bells,
Of Fifty years ago!
Let the cadence of their chime
Fill the corridors of Time
With music soft and low.

Hear the bells, those distant bells!
Just swing Life's dooms afar.
They tell of gain that comes thro' loss,
Reveal the crown hid by the cross,
Tho' echoing from afar.

Ring the bells! O, hallowed bells!
Tho' pensive be your call.
Comes the pang, or comes the bliss,
There's a better world than this,
And God is over all.

O, Friends! Ye stand upon Life's mountain top,
While Memory with reminiscent eyes
Looks backward over half a century,
With hearts that pulse with friendliness we come
To say, God bless you through all coming days
And lead you tenderly with peaceful trust
In the green pastures of His loving care.

Turning the yellowing pages of the past
We read, 'twas fifty years ago, these two,
A fair young maiden and a stalwart youth
Joined hands, and vowed in faithfulness
To walk together through Life's changing ways,
Methinks if furrowed brow and bending form
Are harbingers of age, Old Time forgot
To place his mark and left this pair unscathed.
Yet fifty years have gone into the past
Since you went forth to face the world, with hope
And courage in roseate hues of youth.

Days passed as now, and year succeeded year.
Success and struggle, failure, victory,
Attainment, disappointment, loss and gain,
The common lot, the see-saw, up and down,
Which comes to all, who battle with the force
Of stern Nature, yielding ne'er to weakness.
But there were paths that led thro' sylvan shades,
Or grassy hillside, where you caught afar
Sweet visions of a better changeless life.
A land without a tear, where He who made,
And who redeems, can give each hungry soul
The rest it seeks, but elsewhere never finds.
So life goes on; and when its waning light
Shall set to rise no more, may each and all
Be found with faces toward the unfolding light
That even now shines from the Father's House,
Ready and waiting for the call to enter in.

And now with faces toward turning,
The fadeless rays by faith discerning,
The Father's home-light ever burning,
God keep you now and ever.

In sunshine, in the gloaming,
Day by day as onward homing,
Till you know there's no more roaming,
In His Own Endless—Never.

Grange Supper

Northfield Grange No. 3 held another of their successful affairs at the Town Hall on Wednesday night. A good crowd turned out for a bang up Supper and Sugar Eat after which all those who were able to navigate after the session at the festive board repaired to the Dance Floor where they enjoyed square and modern dances to music of Jillson's Orchestra. This was the first affair in Northfield which this Editor has had a chance to attend and if it was a criterion of what we may expect we are glad we are here. Edward Bolton and a capable committee had the affair in charge.

The thirty young women are on a tour for a series of concerts in the East covering a period of two weeks. The program presented here was well selected and although the majority of the numbers were choruses, there was a vocal trio, a trombone solo by Miss Prescott and two violin solos by Miss Dickman. Miss Mackenzie was on the program for a soprano solo but she graciously gave way to Miss Harriet Atkinson formerly of Northfield and now a student at Wheaton and member of the Glee Club. It was a pleasure indeed for the audience to hear Miss Atkinson. The young women went from here to Boston and gave a concert last night in the Park St. Church. They will sing in Worcester, tonight.

Spring Cleaning

It is in the Wind. Everywhere
you go you find the rugs and car-
pets taking their annual beating.
The world is turned upside down.
The mere Male who usually finds
it safer to be seen than heard is
desperately trying to keep out
from under foot. Not that he
wants to shrink the many obnoxious
jobs that crop up at this time. No.
No.

But it has been a hard winter
from every standpoint and the
world is ready and anxious for a
general house cleaning. We have
had rumors of Wars, Strikes and
even Revolutions and now that
Spring has come perhaps we
should clean out the cobwebs that
have gathered around the Brain
and again begin to think clearly.

America is far too great a na-
tion to allow a little thing like the
recent depression to bring it to a
state of savagery where War and
all its evils can again hold sway.
We are far from Revolution. Len-
i n was once asked when the Revo-
lution was to begin in America and
he said "It is hard to start a
Revolution in a country where
every other man owns an Automobile."

We predict that now that the
Trees and the Grass are returning
to the spring freshness and the
flowers will soon return, that we
will hear less of War and Revolution.
Nature has a way with men
and the laughter of the running
brook is medicine still.

So while you are cleaning house
just put away the old grouches
and the worn out phrases America
will only be bankrupt when its
citizens have given up Hope. Do
your part. It is a Grand World.
Tell your neighbor so.

CHEVROLET RETAIL SALES SCHOOL

In order to instruct Chevrolet's
25,000 retail salesmen on the ex-
tensive engineering advances in the
1934 models, 600 schools of
instruction are being held this
month throughout the United
States.

The schools follow the general
plan of instruction courses given
under the direction of E. W. Tim-
per, sales promotion manager, and
J. M. Crawford, chief engineer of
the Chevrolet Motor Co., at im-
portant points during the automo-
bile shows. Some 4,000 retail
salesmen got first-hand informa-
tion on the new mechanical devel-
opments at that time, and found
the instruction so valuable as an
aid in selling that the courses have
been extended to include the en-
tire sales body.

Preliminary to the opening of
the schools, four men from each
of the nine Chevrolet regional
offices spent week in Detroit and
Flint, where Mr. Crawford in-
structed them thoroughly, bring-
ing out the facts about each new
engineering feature and the sig-
nificance of each fact from the
standpoint of the owner and
operator. The new Y-K frame,
with its vastly increased rigidity;
new and more powerful engine,
with great yimproved perform-
ance; "knee action" wheels, re-
sulting in revolutionary comfort
and riding ease; and other im-
portant developments, were ex-
plained fully, after which the 36

members of the class were dis-
patched to their respective terri-
tories to pass the information
along to the sales organizations
there.

Commenting on the program,
W. E. Holler, general sales man-
ager, said: "The policy of making
the retail salesman 'engineering
conscious' was determined upon
because our 1934 line introduces
the greatest array of engineering
improvements made in recent

Rolls-Royce Subsidiary Selects Ford V-8 Motor and Chassis

Brewster & Co., Inc., a wholly
owned subsidiary of Rolls-Royce
of America, Inc., has started pro-
duction on a new line of cars hav-
ing a Brewster body mounted on a
converted Ford chassis with the
Ford V-8 motor. According to J.
S. Inskip, president of Rolls-
Royce, the car has been developed
for a new market. Priced at about
\$8500, it is offered in "the fine
car field at a price considerably
lower than such cars have hereto-
fore been available." Most of the
"luxury" automobiles are priced
at \$8500 and above, he pointed
out.

This car is being manufactured
in the Rolls-Royce plant at Spring-
field, Mass., and the first car due
out of the factory soon has been
 earmarked for Edsel Ford of the
Ford Motor Co.

Will Rogers Scores
Big Triumph In
"David Harum"

Will Rogers has brought to life
one of the most beloved characters
of American fiction, with his role
in the Fox Film release, "David
Harum," which will open at the
Auditorium Theatre on Monday,
to play four days. The novel by
Edward Noyes Westcott makes a
delightful and thoroughly enjoy-
able film that shows Rogers at his
very best. It was because of the
numerous requests of theatrego-
ers that the Fox officials produced
the picture, and let it be stated
here that it was indeed a wise
move on the part of those officials
to answer the public's demand.
Rogers gives all he has to his
role and turns in a truly remark-
able performance. The romance of
Evelyn Venable and Kent Taylor
is delightfully sincere. The other
members of the cast, Louise Dres-
ser, Stepin Fetchit, Noah Beery,
Roger Imhof, Frank Melton, and
Sarah Padden, do splendidly with
their allotted roles.

couple of sips and sleep sound all
night long—your deep seated
cough of bronchitis is under con-
trol.

Buckley's now made in the
U. S. A. is by far the largest sell-
ing cough medicine in all cold
Canada—one little sip and often
the ordinary cough is gone in 2 or
3 days and you'll hear no more
from that tough old hang-on
cough that nothing seems to help

● You've heard and we've heard a lot of tire claims
but here are facts straight from Akron: The Good-
year people have completed more than 4,400 stop-
ping tests on automatically-braked cars equipped
with various makes of tires both new and worn. By
accurate measurements on wet slippery pavement,
smooth tires slide 77% farther than new Goodyear
All-Weathers—and other new non-skid tires slide
14% to 19% farther than the Goodyears. These fig-
ures check with the experience of our Goodyear
customers and ourselves. How safe are your tires
today?

The only low-priced car
with fully-enclosed Knee-Action Wheels

and what a difference that makes
in performance and dependability

Simple as a Shock Absorber!
Chevrolet's "fully-enclosed" Knee-Action
is, in reality, a gigantic shock absorber,
built solidly on to Chevrolet's big, heavy
frame, with the front wheel solidly
anchored to the "shock absorber" arm.
The result: When the front wheel comes
in contact with a bump or hole, it rises
or falls to absorb the shock.

CHEVROLET A smooth, restful, gliding ride... a bounceless back
seat... a new feeling of safety and relaxation in high-
speed or rough-road travel. All these pleasures are yours with Knee-
Action wheels. And if your car has enclosed Knee-Action, like Chev-
rolet's, you not only get this gliding ride at its best, you also get two
other extra advantages. One of these is shock-proof steering. And the
other is dependable operation. The patent rights on this special kind
of Knee-Action are held exclusively by General Motors. That's why
no other low-priced car has it. Also, no other has a Fisher body, cable-
controlled brakes, or a Blue-Flame engine of unsurpassed economy.
